This guide

Before we provide you with our services, you should read this Credit Guide. It contains important information that will help you decide whether to use our Services.

- The credit services we provide
- How we are paid
- Our complaints process

Background to Vision

Vision was established in Y2000 by 2 partners who still own and manage the business and soon after expanded to include Newcastle and Orange which are separately owned/run. We are an experienced team with over 150 years' combined experience in the banking and finance industry. We have had the privilege of assisting thousands of clients during that time.

We are as passionate about property and finance as we have ever been. Our aim is to help you today, tomorrow and for many years down the track. If you find our service friendly, professional and exceptional, please let your family and friends and colleagues know about us – we want to help them too 😊

Our services

Credit advice process

All our clients are different, with different circumstances, requirements and objectives. We aim to treat you individually, but follow a defined process in helping you

- **We identify your needs** – we listen to you to understand your needs and objectives.
- **Gather information** – we obtain information from you and ask you for supporting information for verification purposes (more below)
- **Consider options suitable to you** – we research the different loans available to you from our panel of lenders (with due consideration to their policies and servicing criteria)
- **Selecting a loan** – we will help you choose a loan that suits your needs and objectives

- **Receive your finance** – we will assist you through the loan submission process, liaising with the lender and any other relevant parties, to make sure your loan approval process runs smoothly

Suitability

We are required to make sure that the finance we assist you with meets two main criteria:

- They meet your needs and objectives: and
- You are able to meet the financial obligations of the loan without placing you in a position of financial hardship

Loans that meet these requirements are known as being 'not unsuitable'. If we cannot meet these requirements, we are unable to provide you with credit assistance.

What we will need from you / verification

In assessing whether we can help you, we are required to take reasonable steps to verify some of the information you provide us. This verification may include:

- asking you for copies of documents that demonstrate your financial situation – in some cases we may also need to sight original documents; and
- contacting third parties to assist in verifying the information that you provide.

It is important that you provide us with as much information about your financial and relevant personal circumstances as possible. When you provide complete and accurate information we can provide you with assistance that is both

timely and appropriate to your needs, objectives and financial situation.

You should read documentation, including the credit proposal, we provide you to ensure that the assistance provided is consistent with your personal circumstances.

Obtaining a copy of your Preliminary Assessment

You can request a copy of your Preliminary Assessment, and we will then provide it to you:

- within seven (7) business days if your request is made at any time during the first two (2) years of completion of the assessment; or
- within 21 business days if your request is made between two (2) years and seven (7) years after the assessment was conducted.

There is no charge for requesting or receiving a copy of your Preliminary Assessment. We are not required to give you a copy if we did not provide credit assistance to you.

How we are remunerated

We receive upfront and ongoing payments (known as 'trail' payment) by lenders when we introduce business to them.

The payments we receive are based on the size of your loan, the ongoing balance of your loan and the loan product you have selected.

As a guide, upfront payments tend to be in the range of 0.6% of the loan amount and trail payments tend to be in the range of 0.2%pa of your ongoing balance.

Before we assist you with an application for a particular lender's product we will always provide you with a detailed estimate in dollar

amounts of the payments we are likely to be paid by the lender.

When your loan is repaid, ongoing payments from the lender and amounts we agree to share with you in respect of that loan cease.

The amounts we receive are paid to us either directly by the lender, or via our Aggregator. They are not additional charges payable by you.

Some lenders may also pay us a bonus based on the volume of business that we and/or our Aggregator introduce to them (as part of a campaign). If you would like a detailed estimate of how much this would be for a particular lender for a particular product, we will provide this for you. We will also provide you with an explanation of how this commission is calculated.

Instances where we charge a fee

We do not charge you a fee for the service we provide as we believe that lenders pay us adequately for the long term service we provide.

In some circumstances we will pass a fee on to our clients. This is when we have received little or no compensation from lenders. Circumstances where we will charge a fee are:

- We have arranged an approval for you but it does not proceed to settlement
- A loan we arranged for you is paid out by you within a short period of time (eg, within 18 months) as this means lenders claw back payments they have previously made to us
- You have asked us to perform a service that is outside the scope of regular mortgage broking activities, such as commercial finance or non-conforming loans.

These will be discussed with you and detailed in your Credit Proposal that we issue to you prior to submitting your loan to a lender.

What payments do we make or benefits do we receive?

Where you have been referred to us by someone else, we occasionally pay a referral fee. We will tell you about these if they apply in your situation and the fees will be specified in your Credit Proposal.

With your consent, we may refer you to providers of other products or services such as personal or general insurance. If you subsequently purchase a service or product we may receive a payment from the provider of that service or product and they will tell you how much this is.

Mortgage Advisers remuneration

Our Mortgage Advisers are employees and receive a salary from Vision. They do not receive personal payments or commissions for the recommendation or sale of any particular products.

If they are eligible to receive a bonus, payment is based on the achievement of pre-determined business objectives, which focus primarily on business revenue, loan volumes and individual performance.

The lenders we deal with

We source credit products from a range of banks, lenders and other credit providers (over 20). Most loans are with ANZ, CBA, ING, NAB Broker, St George and Westpac

Other people we deal with

Our Aggregator

In most cases, we gain access to the loan products we recommend to you through the services of an Aggregator. The Aggregators we use are:

- Australian Mortgage Advisers Group Pty Limited (AMAG) of which we are a shareholder, and to whom we contribute administration costs
- Beagle Finance Pty Limited (subsidiary of Resimac) to whom we pay a monthly fee.
